

## *M.S.C.S.T presented by the M.S.A.*

**Muskegon Summer Challenge Salmon Tournament was formed to provide a fun entry level tournament fishing event modeled after the larger events. Our goal is to support our local fishery and provide a fun and challenging set of events. Yes these are contests and we hope to bring out the best in all of us to try and win. But in the end our number one goal is to have fun. These are open communication events and we encourage sharing of info on the air. You may leave from any port between Grand Haven and Whitehall.**
